- Crankshaft
- Engine conrod
- Main bearings
- Big-end bearings
- Complete engine pistons
- Oil scraper ring set

Engine crankcase

Complete engine pistons

Engine connecting rod and big-end bearings

Crankshaft

Why choose a Genuine FPT Short Block

Short Block represents a valid alternative for engine repair in case of damage due to a malfunction inside the combustion chamber that has not spread to the cylinder head.

With a few part numbers covering a wide range of applications you can assist your running parc by optimizing stock management and limiting risks of obsolescence.

REPAIR COST REDUCTION
Recovery of undamaged components after engine repair.

OPTIMIZED PROCESS
Risk mitigation in terms of availability, savings of time and money by ordering a single part number (e.g. working capital, warehouse space).

MACHINE UPTIME
Earlier machine availability for the customer since no intervention or assembly of the internal elements is required.

REDUCING RISK OF ASSEMBLY ERRORS
Short Block assembled are directly shipped to the network. This grants a perfect fit in your machines.

MAXIMUM QUALITY GUARANTEED BY GENUINE PRODUCT.

Genuine Parts Benefits

FPT is the only one who can guarantee the original quality and performance of your engines. By using Genuine parts, made by those who built your engine, you ensure long-lasting performance and over-time value of your investment.
