# SHORT BLOCK

## New genuine product Solutions ready to be installed.

We have extended our product offer with new genuine solutions ready to be installed offering Short Block assembled in the production plant. FPT Short Blocks are an economic and best solution for engine time consuming repair, maximizing the uptime of your machine.

These are ready-to-fit replacement parts fully compliant with FPT standard, granting best price quality value and optimum engine performance.

Main components of Short Block are:

- Engine crankcase
- Crankshaft
- Engine conrod
- Main bearings
- Big-end bearings
- Complete engine pistons
- Oil scraper ring set

Engine crankcase

Complete engine pistons

Engine connecting rod and big-end bearings

Crankshaft

# Why choose a Genuine FPT Short Block

Short Block represents a valid alternative for engine repair in case of damage due to a malfunction inside the combustion chamber that has not spread to the cylinder head.

With a few part numbers covering a wide range of applications you can assist your running parc by optimizing stock management and limiting risks of obsolescence.

## **REPAIR COST REDUCTION**

Recovery of undamaged components after engine repair.

## **OPTIMIZED PROCESS**

Risk mitigation in terms of availability, savings of time and money by ordering a single part number (e.g. working capital, warehouse space).

## **MACHINE UPTIME**

Earlier machine availability for the customer since no intervention or assembly of the internal elements is required.

## **REDUCING RISK OF ASSEMBLY ERRORS**

Short Block assembled are directly shipped to the network. This grants a perfect fit in your machines.

***MAXIMUM QUALITY GUARANTEED  
BY GENUINE PRODUCT.***

# Genuine Parts Benefits
