

FPT ANNOUNCES THE EXPANSION OF M&L ENGINE INTO THE CAROLINAS

Turin, Italy, July 28th, 2026

FPT announces **continued growth in its distribution network** with the expansion of long-standing partner **M&L Engine into North and South Carolina**. This expansion will bring the Brand's complete portfolio of 2.8 to 16 liter **off-road and power generation engines** to customers throughout the Carolinas, further **strengthening the company's North American distribution network and enhancing regional support capabilities**. FPT continues to expand its North American network with its **10 existing distributors and over 400 sales and service outlets across the region**.

Headquartered in Schriever, Louisiana, M&L Engine has built a strong reputation as a trusted FPT distributor along the Gulf Coast, focusing on **diesel engines, generators, and water pump packages**. With this expansion, the company will now represent the brand across a **broader footprint, including Arkansas, Louisiana, Mississippi, North Carolina, South Carolina, and parts of Tennessee and Texas**.

*"We are thrilled to support M&L Engine as they expand into the Carolinas," said **Chris Gittens, Head of Sales & Marketing, FPT North America**. "Their commitment to world-class products and exceptional customer service makes them an ideal partner to drive growth in this region. We are confident this move will further strengthen our presence and deliver outstanding support to customers in the area."*

*“At M&L Engine, we take pride in delivering high-performance FPT engines and power units across a wide range of horsepower applications,” said **Ryan Marmande, M&L Engine President.** “Recently, we expanded FPT business across Texas, including the addition of dealers such as ASL Group, NexGen Equipment Sales and Service, and Closner Equipment, and we have seen tremendous momentum. We’re excited to build on that success and bring the same level of service and growth to the Carolinas.”*

This strategic expansion reinforces FPT’s commitment to **strengthening its North American distribution network and enhancing support for customers across key markets.**

FPT is a brand of Iveco Group N.V. (EXM: IVG), dedicated to the design, production, and sale of powertrains and solutions for on- and off-road vehicles, as well as marine and power generation applications. Over 8,000 people across ten production sites and ten R&D centers work for FPT all around the world. Active in nearly 100 different countries, its global sales and its Customer Service department supports all Brand customers. The extensive product offering includes six engine ranges with power outputs from 30 hp to over 1,000 hp, transmissions with torque up to 500 Nm, and front and rear axles from 2.45 to 32 tonne GAW (Gross Axle Weight). FPT offers the most complete line-up of natural gas engines for industrial applications on the market, with power outputs ranging from 50 to 520 hp. A dedicated ePowertrain division is accelerating the path towards net zero-emissions mobility, with electric drivelines, battery packs, and battery management systems. This extensive offering, and its strong focus on R&D, makes FPT a world leader in industrial powertrains and solutions. For more information, visit www.fptindustrial.com.
