

A POWERFUL PARTNER FOR ALL FARMERS: FPT AT EIMA INTERNATIONAL 2026

Turin, Italy, October 21st, 2026

FPT, the Iveco Group company dedicated to the design, production, and sale of powertrains and solutions for on- and off-road vehicles, as well as marine and power generation applications, will be a **key figure at EIMA International 2026**, the Exhibition of Agricultural and Gardening Machinery, being held at **BolognaFiere (Bologna, Italy) from November 10 to 14, 2026**.

A renowned market leader, **FPT is the largest independent manufacturer of propulsion systems in the agricultural sector globally, powering over 110,000 vehicles per year.** In markets such as Europe, **one in three tractors and two in five combine harvesters are fitted with FPT engines.** These figures testify to a **history of pioneering innovation which began in Italy more than a century ago and which continues to this day**, with the Brand leading the evolution of a sector in constant transformation.

In addition, the Brand is a major engine supplier for the tractors competing for the **2027 Tractor of the Year awards**, which will be presented during the EIMA fair. In fact, **out of the 23 finalist ICE tractors, 7 are equipped with FPT engines.**

NEW LAUNCHES WITHIN A POWERFUL 360-DEGREE DISPLAY

In its booth (**Hall 15 Stand B/13**), FPT will be exhibiting a **complete range of products, covering both vehicle and power generation applications**, to emphasize its role as a partner of farmers in every field.

The new launches will include the new **3rd-generation F28 Hybrid**, the improved-performance **CURSOR 13 G-DRIVE**, and the innovative **Biodiesel Conversion Kit** paired with an **N45 Stage V**, further reinforcing FPT's commitment to alternative fuels.

The display will be rounded off by the **F36**, FPT's bridge product platform between light and medium power range applications. Perfectly suited to different agricultural equipment, from specialty and compact tractors to stationary applications and telehandlers, **the F36 will be showcased at full power in some OEM vehicle launches at EIMA 2026.**

FPT is a brand of Iveco Group N.V. (EXM: IVG), dedicated to the design, production, and sale of powertrains and solutions for on- and off-road vehicles, as well as marine and power generation applications. Over 8,000 people across ten production sites and ten R&D centers work for FPT all around the world. Active in nearly 100 different countries, its global sales and its Customer Service department support all Brand customers. The extensive product offering includes six engine ranges with power outputs from 30 hp to over 1,000 hp, transmissions with torque up to 500 Nm, and front and rear axles from 2.45 to 32 tonne GAW (Gross Axle Weight). FPT offers the most complete line-up of natural gas engines for industrial applications on the market, with power outputs ranging from 50 to 520 hp. A dedicated ePowertrain division is advancing electric mobility solutions through the development of electric drivelines, battery packs, and battery management systems. This extensive offering, and its strong focus on R&D, makes FPT a world leader in industrial powertrains and solutions. For more information, visit www.fptindustrial.com.
